

Dataset: Bulgaria
Analyses: Second Draft of Indices

Dependent Variables/Indices

1. Combating Crime

Coding: 0 to 1 scale, 1= very efficient or strongly agree

Q8_3: Introducing tougher custody measures for defendants even for smaller crimes

TTest (N=242): T1 = .859 T2 = .754; T2-T1 = -.105 (S.E. = .019); p = .000

Q8_4: Restoring the death penalty

TTest (N=215): T1 = .686 T2 = .440; T2-T1 = -.247 (S.E. = .030); p = .000

Q8_5: Tougher sentences for all offenders

TTest (N=249): T1 = .909 T2 = .827; T2-T1 = -.081 (S.E. = .018); p = .000

Q8_6: Tougher sentences for juvenile offenders

TTest (N=240): T1 = .760 T2 = .630; T2-T1 = -.130 (S.E. = .023); p = .000

Q8_9: Restriction of the rights of certain groups exhibiting criminal behavior

TTest (N=186): T1 = .688 T2 = .621; T2-T1 = -.067 (S.E. = .032); p = .039

Q8_10: More discipline in the family and in schools

TTest (N=262): T1 = .902 T2 = .889; T2-T1 = -.012 (S.E. = .015); p = .395

-Q10_3: There should be penalties not only for drug dealing, but also for drug taking

TTest (N=250): T1 = .777 T2 = .611; T2-T1 = -.166 (S.E. = .030); p = .000

Q15_1: Keep defendants in detention even when they are not proven guilty

TTest (N=246): T1 = .539 T2 = .528; T2-T1 = -.010 (S.E. = .029); p = .722

Q15_2: The laws and courts should be less on the side of the defendants

TTest (N=204): T1 = .555 T2 = .569; T2-T1 = .013 (S.E. = .029); p = .641

Q15_3: Defendants should not be treated as innocent until proven guilty

TTest (N=241): T1 = .705 T2 = .619; T2-T1 = -.086 (S.E. = .027); p = .002

Q15_5: The laws and regulations regarding collection of evidence should be strictly observed even if that would take more time.

TTest (N=257): T1 = .901 T2 = .861; T2-T1 = -.040 (S.E. = .018); p = .024

Q17_1: The police should sometimes be able to resort to violence to get a conviction and punish the suspected criminal

TTest (N=246): T1 = .389 T2 = .366; T2-T1 = -.023 (S.E. = .029); p = .416

Q17_2: Violence is acceptable only if it results in a confession by the offenders

TTest (N=239): T1 = .342 T2 = .336; T2-T1 = -.006 (S.E. = .028); p = .824

Q17_3: Every citizen, including the offender, has rights and the police has to observe those rights

TTest (N=259): T1 = .920 T2 = .845; T2-T1 = -.025 (S.E. = .016); p = .115

Q17_4: If someone has broken the law, the police does not have to observe his/her rights

TTest (N=242): T1 = .341 T2 = .343; T2-T1 = .002 (S.E. = .031); p = .947

Q18: More powers to the police to detain and question suspects will result in significant improvement in the fight against crime.

TTest (N=229): T1 = .143 T2 = .169; T2-T1 = .026 (S.E. = .017); p = .123

Q19: The death penalty is the only appropriate punishment for certain types of crime?

TTest (N=226): T1 = .263 T2 = .379; T2-T1 = .116 (S.E. = .022); p = .000

***The following questions are reversed coded for the index. The TTest below are still coded 1=strongly agree for Cronbach's Alpha calculations.**

Q8_1: Programs for reducing poverty and unemployment

TTest (N=263): T1 = .913 T2 = .909; T2-T1 = -.005 (S.E. = .016); p = .768

Q8_2: More prevention and community service for juveniles instead of prison sentences

TTest (N=245): T1 = .856 T2 = .832; T2-T1 = -.024 (S.E. = .018); p = .171

Q8_7: Showing less violence in the media

TTest (N=228): T1 = .703 T2 = .634; T2-T1 = -.069 (S.E. = .025); p = .006

Q8_8: Programs for re-socialization of prisoners who have served their terms in jail

TTest (N=218): T1 = .774 T2 = .758; T2-T1 = -.016 (S.E. = .022); p = .459

Q8_11: Speedier trials following a simplified procedure

TTest (N=226): T1 = .754 T2 = .673; T2-T1 = -.082 (S.E. = .028); p = .004

Q10_4: More resources need to be allocated for breaking the network of the drug traffic

TTest (N=266): T1 = .911 T2 = .903; T2-T1 = -.008 (S.E. = .020); p = .701

Q15_4: A confession should not be deemed as evidence of guilt

TTest (N=233): T1 = .653 T2 = .647; T2-T1 = -.006 (S.E. = .031); p = .837

Q15_6 - A constitutional amendment needs to be passed to make the law enforcement more efficient - (Scale: 1-5, 5 = strongly agree)

TTest (N=237): T1 = .963 T2 = .946; T2-T1 = -.017 (S.E. = .012); p = .171

Q24_1: Media should provide information even about the most heinous of crimes

TTest (N=256): T1 = .809 T2 = .778; T2-T1 = -.030 (S.E. = .022); p = .164

Q24_2: Violence shown by the media triggers off similar behavior in young people and children.

TTest (N=237): T1 = .659 T2 = .601; T2-T1 = -.058 (S.E. = .024); p = .020

Q24_3: The media should carefully check their stories before publishing even if that takes more time.

TTest (N=254): T1 = .946 T2 = .898; T2-T1 = -.048 (S.E. = .014); p = .001

Q24_4: It is more important for the media to provide quick information even if that would mean not getting some of the facts right

TTest (N=243): T1 = .249 T2 = .371; T2-T1 = .122 (S.E. = .031); p = .000

Cronbach's Alpha at T1 : 0.699

Cronbach's Alpha at T2 : 0.767

4. Attitude toward Legal System

Q16: Which of the following two positions do you support?

A: If people are allowed to take the law in their hands that would make the legal system more efficient.

B: If people start administering justice themselves, there will be chaos in the country and no one could feel safe.

Coding: A=0, Both=.5, B=1

TTest (N=241): T1 = .558 T2 = .557; T2-T1 = -.001 (S.E. = .033); p = .975

Q21: There are different opinions on the problems with the law enforcement system in Bulgaria. Which is closest to yours?

1: The system is good, the problem is with the individual people working in it and not performing their duties

2: People need not be changed. What is necessary is institutional changes in the powers of the different branches in the justice system.

Coding: 1 = 0, 2 = 1

TTest (N=197): T1 = .604 T2 = .782; T2-T1 = .178 (S.E. = .042); p = .000

Q22: One of the issues much debated recently is the place of the investigation service with a view of increasing the efficiency of preliminary investigation.

In your opinion:

1: It is better if the Investigation service is within the Ministry of Interior so that there is better coordination between the police and the investigation

2: It is better if the Investigation service remains independent to create guarantees for unbiased operation taking into account the interest of both the defendants and the public.

Coding: 1 = 0, 2 = 1
