

Dataset: British Monarchy
Analyses: Second draft of indices

Indices Name in Dataset:

"t1supmon" & "t2supmon"

"t1mpop" & "t2mpop"

"t1pwrn" & "t2pwrn"

« t1reflords » & « t2reflords »

INDEX 1: "SUPPORT FOR MONARCHY"

Coding: 1 = stronger support for monarchy, on 0 to 1 scale)

Items:

MONARCH = What should happen to monarchy?
Thinking about the monarchy or the royal family in Britain, which of the following do you think should happen? (Answer Options: 1 = Remain as is; .5 = Reformed; 0 = Abolished)

TTest (N=233): T1 = .710, T2 = .646; T2-T1 = -.064 (S.E. = 0.019); p = .000

WANTSUR = How long should monarchy continue as is?
And how long do you personally want the British monarchy to survive in its present form? (6 pt scale: at least 100 yrs = 1, 50 yrs, 20 yrs, 10 yrs, 5 yrs, less than 5 yrs = 0)

TTest (N=198): T1 = .677, T2 = .628; T2-T1 = -.048 (S.E. = 0.023); p = .036

BEST = Best for Britain when queen's reign ends?
What do you think would be best for Britain when the present Queen's reign ends? (Binary: 1 = Continue to have king/queen; 0 = Have elected president)

TTest (N=210): T1 = .790, T2 = .800; T2-T1 = .010 (S.E. = 0.023); p = .684

REFEREN = Referendum about future of monarchy?
In your opinion, do you think there should be a referendum on whether Britain should continue to have a monarchy? (4-pt scale; 1=definitely not, 0=definitely)

TTest (N=220): T1 = .520, T2 = .450; T2-T1 = -.070 (S.E. = 0.027); p = .010

INDEX 2: "MONARCHY AND THE PEOPLE"

Coding: 1 = more populist, 0 to 1 scale

MIX = Royal family should mix more
Members of the royal family should mix more with ordinary people.
(5-pt scale: 1=strongly agree)

TTest (N=255): T1 = .688, T2 = .746; T2-T1 = .058 (S.E. = 0.016); p = .000

RETIRE = Monarch should retire like ordinary people
Monarchs should retire at the same age as other working people.
(5-pt scale: 1=strongly agree)

TTest (N=250): T1 = .532, T2 = .510; T2-T1 = -.022 (S.E. = 0.017); p = .202

TAXES = Monarch should pay taxes
A monarch should pay taxes on the same terms as everyone else. (5-pt scale: 1=strongly agree)

TTest (N=252): T1 = .772, T2 = .843; T2-T1 = .071 (S.E. = 0.017); p = .000

GLAMOUR = No point in royal family without glamour
There is no point having a royal family without all their glamour and glitter. (5-pt scale: 1=strongly disagree)

TTest (N=253): T1 = .428, T2 = .394; T2-T1 = -.034 (S.E. = 0.018); p = .060

SUPPORT = Monarch must have popular support
A king or queen who cannot win popular support should not continue in office. (5-pt scale: 1=strongly agree)

TTest (N=255): T1 = .600, T2 = .678; T2-T1 = .078 (S.E. = 0.018); p = .000

PUBLIC = Public should have say in succession
The British public should in future have a say in who becomes the next king or queen. (5-pt scale: 1=strongly agree)

TTest (N=254): T1 = .511, T2 = .565; T2-T1 = .054 (S.E. = 0.018); p = .002

INDEX 3: "POWER OF MONARCHY"

Coding: 1 = more power for monarchy, 0 to 1 scale

CHOOspm = Queen choose PM if no majority?

If after a General Election no party had a majority in the House of Commons, it could be up to the Queen to choose Britain's new prime minister. What do you think should happen in this situation? (Binary: 1 = Queen should choose PM; OR 0 = different method of choosing)

TTest (N=206): T1 = .311, T2 = .330; T2-T1 = .019 (S.E. = 0.032); p = .548

MOREPOW = Good if queen had more powers

It would be a good thing if Queen had more powers. (5-pt scale)

TTest (N=245): T1 = .456, T2 = .498; T2-T1 = .042 (S.E. = 0.019); p = .028

t = 2.2463	t = 2.2463	t = 2.2463
P < t = 0.9872	P > t = 0.0256	P > t = 0.0128

INDEX 4: "REFORM HOUSE OF LORDS"

Coding: 1 = greater opposition to House of Lords, 0 to 1 scale

LORDS = What should happen to House of Lords?
Now thinking about the House of Lords. Which of the following do you think should happen? (0 = Remain as is; Reformed; 1 = Abolished)

TTest (N=218): T1 = .521, T2 = .564; T2-T1 = .044 (S.E. = 0.023); p = .061

LORDVOT = Should hereditary peers have vote in House of Lords?
The present House of Lords contains some Lords who are there by birth (hereditary peers) and some who have been appointed for life (life peers). All have a right to vote in the House of Lords. If you had to choose between these two statements, which one comes closer to your own view?
0 = Hereditary peers should keep their right to vote in the House of Lords because they bring some independence into politics. OR
1 = The fact that someone inherits a title should not give them a right to vote in the House of Lords.

TTest (N=206): T1 = .694, T2 = .791; T2-T1 = .097 (S.E. = 0.031); p = .002

LORDAPP = Appointed or elected House of Lords?
And if you had to choose between these two statements, which comes closer to your own view?
0 = We should continue to have appointed life peers in the House of Lords because they bring experience from outside Parliament into politics. OR
1 = All members of the House of Lords should be democratically elected.

TTest (N=195): T1 = .636, T2 = .610; T2-T1 = -.026 (S.E. = 0.036); p = .477

Cronbach's Alpha at T2 : 0.632
