Appendix A: DOP Surveys

Pretest Baseline Survey: Deliberative Online Poll

Experimental and Control (differences noted)

[Control]

INTROC

You have been selected to participate in a two-part study on important national issues.

You will receive \$10 for completing this survey, which is the first part of the two-part study. We will send you the second part of the study at the end of November if you complete this survey. You will also receive \$10 for completing the second survey. We appreciate your participation in this research.

[Experimental]

INTRO1

Stanford University is conducting an exciting new research project where people like you “chat” online about issues that concern you and all Americans. You have been selected for this new and novel approach for bringing Americans together to talk about current political issues. For the next five weeks, you will be asked to participate in this innovative project called the Online Deliberative Poll. During this time, you will not be sent any other surveys by Knowledge Networks. Because the chat sessions take longer than most surveys, you will be given up to \$100 for your time for participating in this study. In addition, we will give you a multimedia headset for your computer!

[Experimental]

INTRO2

We hope that you find participating in this new project interesting and stimulating. It will be unlike anything you have ever done as a Knowledge Networks panel member. You will use your own home computer connected to the Internet for this study, and you will use a multimedia headset (which you get to keep) so that you can “chat” using your real voice and also hear what other poll participants are saying. A moderator from Stanford University will guide the conversation. You will be receiving or will have already received materials in the mail that describe how to participate in this study.

[Experimental]

INTRO3

Before joining in for the first online “chat,” please answer the survey questions that follow below. The survey, which asks you to select the time most convenient for you for online chats, needs to be completed before the first online chat session. This survey also asks about your opinion about important issues that are in the news. You will be given \$10 for participating in this first survey.

[Experimental]

[USE SAMVAR XTIME TO DISPLAY CORRECT TIME ZONE 1=EST, 2=CST, 3=MST, 4=PST, THE RESPONSE LIST BELOW IS IN PST]

[PROMPT IF NA]

[RADIO BUTTON]

S1. Now we would like you to tell us when will be a good time for you to participate in the online chat. The first three chat sessions will last one hour, and the last one will last 30 minutes. We'd like you to pick a time that is convenient for you for the next three weeks starting on Wednesday October 30. Please select the best time for you. Example: If you selected Wednesday October 30, then your online chat session schedule will be for these Wednesdays: October 30, November 6, November 13, and November 20, all starting at the same time. Please note, all times are listed in your local time zone, **[ENTER TIME ZONE, EST, CST, MST, PST]**.

Wednesdays 6-7pm (10/30, 11/6, 11/13, 11/20)
Sundays 5-6pm (11/3, 11/10, 11/17, 11/24)
Sundays 7-8pm (11/3, 11/10, 11/17, 11/24)
Tuesday 6:30-7:30pm (10/29, 11/5, 11/12, 11/19)

S2. Please select your second favorite time.

Wednesdays 6-7pm (10/30, 11/6, 11/13, 11/20)
Sundays 5-6pm (11/3, 11/10, 11/17, 11/24)
Sundays 7-8pm (11/3, 11/10, 11/17, 11/24)
Tuesday 6:30-7:30pm (10/29, 11/5, 11/12, 11/19)

[Experimental]

INTRO4

Thanks for letting us know which times work best for you. We will send you an email that will let you know when to join in the online chat sessions. Please refer to the materials we sent you in the mail for more information about how to participate!

Pretest Follow-up Survey: Deliberative Online Poll

Experimental and Control (differences noted)

Control INTRO:

A few weeks ago, you completed a questionnaire that asked about your opinions on contemporary global and national issues. In this survey, we would like to check in with you again regarding some of those same topics. While some of these questions may seem familiar, please choose answers that reflect the way you presently view the issue at hand.

Do not try to recall the answers given in the previous survey; we are interested in your current opinion.

FOR CONTROL PARTICIPANTS

Thanks for your participation in this survey. . We hope it has been an enjoyable and educational experience for you.

Wave 1 Baseline Survey: Deliberative Online Poll**(Experimental Group Only)****INTRO1**

After this first survey is done, we'll ask you to participate in eight online chat sessions. You will participate in two sessions a week spread out over four weeks. Note that there will be a two-week break in the chat session calendar due to the holidays. Your scheduled weekday and times will be the same for each week.

You are scheduled to participate in the following sessions:

[Display scheduled time here]

It is very important that you attend each of these sessions. If you have a scheduling conflict, we encourage you to make the chat session a priority. If you are absolutely unable to attend a chat session, please contact deliberativepoll@knowledgenetworks.com immediately. Please note this may affect your eligibility to participate in the project.

After the last chat session is over, we'll ask you to complete a final survey so that we can get your feedback on what it was like to participate in the chat groups.

Q1

Our first questions are about international affairs and foreign policy.

Thinking back on the terrorist attacks of Sept. 11th, 2001, how would you say America has changed as a result? Would you say it has changed...

a lot for the better,
somewhat for the better,
somewhat for the worse,
a lot for the worse,
not much in either direction,
haven't thought much about this

Q2

Here are several possible long range foreign policy goals the U.S. might have. Please select how high a priority you feel we should give to each one by using a number from 0 to 10, where 0 is no priority at all, 5 is average priority, and 10 is the top priority.

On a scale from 0-10, how high a priority should each of the following be as a long range foreign policy goal?

protecting the global environment
ensuring adequate energy supplies for the U.S.
preventing the spread of weapons of mass destruction
aiding the interests of U.S. business abroad
fighting terrorism
providing food and medical help to poor countries
protecting the U.S. from attack
protecting human rights in other countries
protecting weaker nations against foreign aggression
reducing world poverty

Do you...

support strongly,

support somewhat,

neither support nor oppose this,

oppose somewhat,

oppose strongly,

or haven't you thought much about this?

Q32A

Below are three different ways the U.S. might deal with international trade. Please select which you feel is the best option.

In dealing with international trade, is it better for the U.S. -

to work with other countries one by one to establish agreements,

to work with groups of countries through international institutions like the World Trade Organization,

to leave things as they are,

haven't thought much about this

IF Q32A = 1,2,3

Q32B

Now of the remaining options, please select which you feel is the best.

In dealing with international trade, is it better for the U.S. -

[Display Items NOT selected in Q32A]

Q33

What do you think we should do about free trade in the Americas -

repeal the North American Free Trade Agreement, called NAFTA,

leave NAFTA the way it is,

adopt agreements like NAFTA but with more Latin American countries,

haven't thought much about this

Q34

Do you think that making it easier to IMPORT foreign products into the U.S. means -

the LOSS OF many jobs in this country,

some jobs,

only a few jobs,

the loss of no jobs,

haven't thought much about this

Q35

Do you think that making it easier to EXPORT U.S. products to other countries means -
the CREATION OF many jobs in this country,
some jobs,
only a few jobs,
the creation of no jobs,
haven't thought much about this

Q36

When it comes to trade barriers, would you say that the U.S. has -
higher trade barriers (than most other countries),
lower trade barriers (than most other countries),
about the same, or
haven't you heard anything about this?

Q37

Now we'd like you to think about reducing terrorism. Again using a scale from 0 to 10, where 0 is no importance at all, 10 is the most importance, and 5 is midway between, how much importance should the U.S. place on each of the following as ways of reducing FUTURE terrorism directed against the U.S.?
encouraging more democracy in Middle East countries like Egypt & Saudi Arabia?
increased foreign aid to countries that may be breeding grounds for terrorism?
adopting policies more favorable to the Palestinians?
building up our military capabilities?
working with other countries to identify & combat terrorism?
building up our intelligence capabilities?

Q38

Generally speaking, who do you think should take the lead in trying to resolve international conflicts? Should...
the U.S. take the lead acting by itself,
should the U.S. take the lead acting with close allies like NATO,
should the U.S. & its close allies take the lead acting through the United Nations,
should the United Nations take the lead,
should nobody take the lead,
haven't thought much about this

Q39

Generally speaking, who do you think should take the lead in providing foreign assistance to other countries? Should...

the U.S. take the lead acting by itself,
should the U.S. take the lead acting with close allies like NATO,
should the U.S. & its close allies take the lead acting through international organizations like the United Nations & the World Bank,
should the United Nations & the World Bank take the lead,
should nobody take the lead,
haven't thought much about this

Q32A

Below are three different ways the U.S. might deal with international trade. Please select which you feel is the best option.

In dealing with international trade, is it better for the U.S. -

to work with other countries one by one to establish agreements,
to work with groups of countries through international institutions like the World Trade Organization,
to leave things as they are,
haven't thought much about this

IF Q32A = 1,2,3

Q32B

Now of the remaining options, please select which you feel is the best.

In dealing with international trade, is it better for the U.S. -

[Display Items NOT selected in Q32A]

Q33

Wave 2 Baseline and Follow-up Survey: Deliberative Online Poll**Deliberative Online Poll Phase 2 Baseline and Follow-up Survey
Experimental and Control Group****(Experimental Group Only)****INTRO1**

After this first survey is done, we'll ask you to participate in three online chat sessions over the next week and a half. Your scheduled weekday and times will be the same for each week. You are scheduled to participate in the following sessions:

[Display scheduled time here]

It is very important that you attend each of these sessions. If you have a scheduling conflict, we encourage you to make the chat session a priority. If you are absolutely unable to attend a chat session, please contact deliberativepoll@knowledgenetworks.com immediately. Please note this may affect your eligibility to participate in the project.

After the last chat session is over, we'll ask you to complete a final survey so that we can get your feedback on what it was like to participate in the chat groups.

Don't Know/Can't Say

Q32A

Below are three different ways the U.S. might deal with international trade. Please select which you feel is the best option.

In dealing with international trade, is it better for the U.S. -

to work with other countries one by one to establish agreements,
to work with groups of countries through international institutions like the World Trade Organization,
to leave things as they are,
haven't thought much about this

IF Q32A = 1,2,3

Q32B

Now of the remaining options, please select which you feel is the best.

In dealing with international trade, is it better for the U.S. -

[Display Items NOT selected in Q32A]

Q33

higher trade barriers (than most other countries),
lower trade barriers (than most other countries),
about the same, or
haven't you heard anything about this?

Q37

Now we'd like you to think about reducing terrorism. Again using a scale from 0 to 10, where 0 is no importance at all, 10 is the most importance, and 5 is midway between, how much importance should the U.S. place on each of the following as ways of reducing FUTURE terrorism directed against the U.S.?

encouraging more democracy in Middle East countries like Egypt & Saudi Arabia?

increased foreign aid to countries that may be breeding grounds for terrorism?

adopting policies more favorable to the Palestinians?

building up our military capabilities?

working with other countries to identify & combat terrorism?

building up our intelligence capabilities?

Q38

Generally speaking, who do you think should take the lead in trying to resolve international conflicts? Should...

the U.S. take the lead acting by itself,
should the U.S. take the lead acting with close allies like NATO,
should the U.S. & its close allies take the lead acting through the United Nations,
should the United Nations take the lead,
should nobody take the lead,
haven't thought much about this

Q39

Generally speaking, who do you think should take the lead in providing foreign assistance to other countries? Should...

the U.S. take the lead acting by itself,

[RANDOMIZE LIST OF CANDIDATES, KEEP THIS RANDOMIZED ORDER FOR REST OF CANDIDATE LISTS]

Q19

The next section concerns your impressions of the various candidates running for President. First we have a set of questions about how you would describe some of these candidates. For each candidate we want to know first if the word "**sincere**" describes him extremely well, quite well, not too well, or not well at all? Please indicate your answer by checking the appropriate column for each candidate. Or if you don't feel you've seen enough of the candidate to say, just check "don't know."

Does "**sincere**" describe each candidate:

	Extremely well	Pretty well	Not too well	Not well at all	Don't know
George W. Bush					
Howard Dean					
John Kerry					
Wesley Clark					
Richard Gephardt					
John Edwards					
Joe Lieberman					
Al Sharpton					

Q20

The next word is "**intelligent.**" Does intelligent describe each of them:

	Extremely well	Pretty well	Not too well	Not well at all	Don't know
George W. Bush					
Howard Dean					
John Kerry					
Wesley Clark					
Richard Gephardt					
John Edwards					
Joe Lieberman					
Al Sharpton					

Q21

Next, how well does "**thinks like I do**" describe each of them:

	Extremely well	Pretty well	Not too well	Not well at all	Don't know
George W. Bush					
Howard Dean					
John Kerry					
Wesley Clark					
Richard Gephardt					
John Edwards					
Joe Lieberman					
Al Sharpton					

Q22

Next, we'd like to get your feelings toward the presidential candidates using what is sometimes called a "feeling thermometer." Ratings between 50 degrees and 100 degrees mean that you feel favorable and warm toward the candidates. Ratings between 0 degrees and 50 degrees mean that you don't feel favorable that you don't care too much for that candidate. You would rate the candidate at the 50 degree mark if you don't feel particularly warm or cold. If you don't know enough to rate a given candidate, just check "can't say."

	0 - 100	Can't Say
George W. Bush		
Howard Dean		
John Kerry		
Wesley Clark		
Richard Gephardt		
John Edwards		
Joe Lieberman		
Al Sharpton

Q25

Now we'd like you to think about some important issues. Some people think the federal government should provide fewer services such as health and education in order to lower taxes. Suppose these people are at one end of a scale, at point 1. Other people feel it is important for the federal government to provide more services even if it means higher taxes. Suppose these people are at the other end, at point 7. People who are exactly in the middle are at point 4, and of course other people have positions at points 2,3,5, or 6. Where would you place yourself on this scale, or haven't you thought much about this?

Fewer Services/ Lower Taxes						More Services/ Higher Taxes	Haven't thought about this
1	2	3	4	5	6	7	8

Q26

Now, using the same scale, where would you place the following candidates? If you don't feel you know enough about a given candidate to say, just mark "Can't Say".

	Fewer Services/ Lower Taxes						More Services/ Higher Taxes	Can't Say
	1	2	3	4	5	6	7	8
George W. Bush								
Howard Dean								
John Kerry								
Wesley Clark								
Richard Gephardt								
John Edwards								
Joe Lieberman								
Al Sharpton								

Q27

Next think about the federal budget. Some people believe that we should spend much less money for defense and focus much more on solving domestic problems. Suppose these people are at one end of a scale, at point 1. Other people feel that defense spending should be greatly increased even if it means reduced spending on domestic problems. Suppose these people are at the other end, at point 7. People who are exactly in the middle are at point 4, and of course other people have positions at points 2,3,5, or 6. Where would you place yourself on this scale, or haven't you thought much about this?

Increase Defense Spending/ Decrease Domestic Spending						Decrease Defense Spending/ Increase Domestic Spending	Haven't thought about this

Q29

Here's the next issue. Some people feel the United States should intervene militarily when its interests are threatened without working through international organizations such as the U.N and NATO. Other people feel that we should not intervene without first obtaining international approval and cooperation. Using the scale shown below, where would you place yourself, or haven't you thought much about this?

Intervene on our own						Intervene with UN approval	Haven't thought about this

Q31

Here's the next one. Some people feel that we should pursue increased free trade even if we may lose some existing jobs. Other people feel that we should subsidize American industries even if that means we lose markets for our goods abroad. And of course, other people fall somewhere in between. Where would you place yourself on this issue, or haven't you thought much about this?

The next section concerns your impressions of the presidential candidates. First we have a set of questions about how you would describe the candidates. For example, we'd like to know first how well the word "**sincere**" describes each candidate—extremely well, pretty well, not too well, or not well at all? Please indicate your answer by checking the appropriate column for each candidate. Or if you don't feel you've seen enough of a given candidate to say how well "sincere" applies to him, just check "don't know."

Next, we'd like to get your feelings toward the presidential and vice presidential candidates using what is sometimes called a "feeling thermometer." Ratings between 50 degrees and 100 degrees mean that you feel favorable and warm toward the person. Ratings between 0 degrees and 50 degrees mean that you don't feel favorable, that you don't care too much for that person. You

would rate the person at the 50 degree mark if you don't feel particularly warm or cold toward him. If you don't know a person well enough to rate him, just check "can't say."

Q80. Here are four statements about the Bible. Please indicate which one is *closest* to your view:

The Bible is God's word and all it says is true
The Bible was written by men inspired by God but contains some human errors
The Bible is a good book because it was written by wise men, but God had nothing to do with it
The Bible was written by men who lived so long ago that it is worth very little today, or

I haven't thought much about this

2004 CDROM Survey: Deliberative Online Poll

[THERE ARE TWO DIFFERENT INTRO SCREENS WHICH KEY OFF OF THE SAMVAR "XLETTER"]

[XLETTER = 1]

As you know, the 2004 Election season is fast on the approach. As a past participant in Decision 2004, we would like to thank you for your continued involvement. In preparation for the Fall chat sessions, we recently sent you a CD intended to inform you about the main presidential candidates and important issues that will be at the center of the November 2004 presidential election.

If you installed the CDROM but have not yet uploaded the file, please take a moment to do so now. The process is very simple, requires only a single click, and is completely harmless to your system. In order to upload this file, first make sure that you are connected to the Internet (this process cannot be performed through WebTV). Insert the CD into your computer and, once the disc has loaded, click on the "Knowledge Networks (KN)" logo at the bottom left corner of the screen. This link will automatically send the information to our servers; no further action is necessary. Once this has been completed, please continue with this survey.

If you already have uploaded the file, or if you do not have an Internet connection from the computer on which the CD is installed, please feel free to proceed with the survey at this time.

As you know, Knowledge Networks, on behalf of The Center for Deliberative Democracy at Stanford University, has invited you to be a part of a continuing research project that seeks to find out what citizens like you think about current policy issues. We recently sent you a CD intended to inform you about the main presidential candidates and important issues that will be at the center of the November 2004 presidential election.

If you installed the CDROM but have not yet uploaded the file, please take a moment to do so now. The process is very simple, requires only a single click, and is completely harmless to your system. Q2. Next, we'd like to get your feelings toward some public figures and groups using what is sometimes called a "feeling thermometer." Ratings between 50 degrees and 100 degrees mean that you feel favorable and warm toward the person. Ratings between 0 degrees and 50 degrees mean that you don't feel favorable that you don't care too much for that person. You would rate the person at the 50 degree mark if you don't feel particularly warm or cold toward him. If you don't know a person well enough to rate him, just check "can't say."

	0 - 100	Can't Say
George W. Bush		
John Kerry		
Donald Rumsfeld		
Ted Kennedy		
Rush Limbaugh		
Bill Clinton		
The Republican Party		
The Democratic Party		

[HORIZONTAL SCALE: RADIO BUTTON]

Q3a. Now we'd like you to think about some other important issues. Some people think the federal government should provide fewer services such as health and education in order to lower taxes. Suppose these people are at one end of a scale, at point 1. Other people feel it is important for the federal government to provide more services even if it means higher taxes. Suppose these people are at the other end, at point 7. People who are exactly in the middle are at point 4, and of course other people have positions at points 2, 3, 5, or 6. Where would you place yourself on this scale, or haven't you thought much about this?

Q4a. Here's the next issue. Some people feel the United States should feel free to intervene militarily when its interests are threatened without necessarily working through international organizations such as the U.N and NATO. Other people feel that we should not intervene without first obtaining international approval and cooperation. Using the scale shown below, where would you place yourself, or haven't you thought much about this?

Intervene on our own						Intervene with approval & cooperation	Haven't thought much about this
1	2	3	4	5	6	7	8

Q5a. Here's the next one. Some people feel that we should pursue free trade even if that means some current American jobs are lost to companies abroad. Other people feel that we should protect American industries even if that means we lose markets for our goods abroad. And of course other people fall somewhere in between. Where would you place yourself on this issue, or haven't you thought much about this?

Q6a. Here's the next one. There is concern these days about medical and hospital costs. Some people feel there should be a government plan to cover all medical and hospital expenses for everyone. Suppose these people are at one end of a scale, at point 1. Other people feel that all medical and hospital expenses should be paid by individuals or private insurance companies. Suppose these people are at the other end, at point 7. And, of course, some other people have opinions somewhere in between, at points 2, 3, 4, 5, or 6. Where would you place yourself on this issue, or haven't you thought much about this?
