**[RANDOMIZE LIST OF CANDIDATES, KEEP THIS RANDOMIZED ORDER
FOR REST OF CANDIDATE LISTS]**

Q19

The next section concerns your impressions of the various candidates running for President. First we have a set of questions about how you would describe some of these candidates. For each candidate we want to know first if the word "**sincere**" describes him extremely well, quite well, not too well, or not well at all? Please indicate your answer by checking the appropriate column for each candidate. Or if you don't feel you've seen enough of the candidate to say, just check "don't know."

Does "**sincere**" describe each candidate:

	Extremely well	Pretty well	Not too well	Not well at all	Don't know
George W. Bush					
Howard Dean					
John Kerry					
Wesley Clark					
Richard Gephardt					
John Edwards					
Joe Lieberman					
Al Sharpton					

Q20

The next word is "**intelligent**." Does intelligent describe each of them:

	Extremely well	Pretty well	Not too well	Not well at all	Don't know
George W. Bush					
Howard Dean					
John Kerry					
Wesley Clark					
Richard Gephardt					
John Edwards					
Joe Lieberman					
Al Sharpton					

Q21

Next, how well does "**thinks like I do**" describe each of them:

	Extremely well	Pretty well	Not too well	Not well at all	Don't know
George W. Bush					

Howard Dean					
John Kerry					
Wesley Clark					
Richard Gephardt					
John Edwards					
Joe Lieberman					
Al Sharpton					

Q22

Next, we'd like to get your feelings toward the presidential candidates using what is sometimes called a "feeling thermometer." Ratings between 50 degrees and 100 degrees mean that you feel favorable and warm toward the candidates. Ratings between 0 degrees and 50 degrees mean that you don't feel favorable that you don't care too much for that candidate. You would rate the candidate at the 50 degree mark if you don't feel particularly warm or cold. If you don't know enough to rate a given candidate, just check "can't say."

	0 - 100	Can't Say
George W. Bush		
Howard Dean		
John Kerry		
Wesley Clark		
Richard Gephardt		
John Edwards		
Joe Lieberman		
Al Sharpton		
Carol Moseley Braun		
Dennis Kucinich		

Q23

Next are a couple of questions about President's Bush's performance as president.

How would you evaluate President Bush's performance with respect to the war in Iraq?

Very Good

Good

Fair

Poor

Very Poor

Not sure/can't say

Q24

How about Bush's handing of the economy?

Very Good

Good

Fair

Poor

Very Poor

Not sure/can't say

Q25

Now we'd like you to think about some important issues. Some people think the federal government should provide fewer services such as health and education in order to lower taxes. Suppose these people are at one end of a scale, at point 1. Other people feel it is important for the federal government to provide more services even if it means higher taxes. Suppose these people are at the other end, at point 7. People who are exactly in the middle are at point 4, and of course other people have positions at points 2,3,5, or 6.

Where would you place yourself on this scale, or haven't you thought much about this?

Fewer Services/ Lower Taxes						More Services/ Higher Taxes	Haven't thought about this
1	2	3	4	5	6	7	8

Q26

Now, using the same scale, where would you place the following candidates? If you don't feel you know enough about a given candidate to say, just mark "Can't Say".

	Fewer Services/ Lower Taxes						More Services/ Higher Taxes	Can't Say
	1	2	3	4	5	6	7	8
George W. Bush								
Howard Dean								
John Kerry								
Wesley Clark								
Richard								

Gephardt								
John Edwards								
Joe Lieberman								
Al Sharpton								

Q27

Next think about the federal budget. Some people believe that we should spend much less money for defense and focus much more on solving domestic problems. Suppose these people are at one end of a scale, at point 1. Other people feel that defense spending should be greatly increased even if it means reduced spending on domestic problems. Suppose these people are at the other end, at point 7. People who are exactly in the middle are at point 4, and of course other people have positions at points 2,3,5, or 6. Where would you place yourself on this scale, or haven't you thought much about this?

Increase Defense Spending/ Decrease Domestic Spending						Decrease Defense Spending/ Increase Domestic Spending	Haven't thought about this
1	2	3	4	5	6	7	8

Q28

Now, using the same scale, where would you place the following candidates? If you don't feel you know enough about a given candidate to say, just mark "Can't Say".

	Increase Defense Spending/ Decrease Domestic Spending						Decrease Defense Spending/ Increase Domestic Spending	Can't Say
	1	2	3	4	5	6	7	8
George W. Bush								
Howard Dean								
John Kerry								
Wesley Clark								
Richard Gephardt								

John Edwards								
Joe Lieberman								
Al Sharpton								

Q29

Here's the next issue. Some people feel the United States should intervene militarily when its interests are threatened without working through international organizations such as the U.N and NATO. Other people feel that we should not intervene without first obtaining international approval and cooperation. Using the scale shown below, where would you place yourself, or haven't you thought much about this?

Intervene on our own						Intervene with UN approval	Haven't thought about this
1	2	3	4	5	6	7	8

Q30

Now, using the same scale, where would you place the following candidates? If you don't feel you know enough about a given candidate to say, just mark "Can't Say".

	Intervene on our own						Intervene with UN approval	Can't Say
	1	2	3	4	5	6	7	8
George W. Bush								
Howard Dean								
John Kerry								
Wesley Clark								
Richard Gephardt								
John Edwards								
Joe Lieberman								
Al Sharpton								

Q31

Here's the next one. Some people feel that we should pursue increased free trade even if we may lose some existing jobs. Other people feel that we should subsidize American industries even if that means we lose markets for our goods abroad. And of course, other

people fall somewhere in between. Where would you place yourself on this issue, or haven't you thought much about this?

Support Free Trade						Protect US Industries	Haven't thought about this
1	2	3	4	5	6	7	8

Q32

Now, using the same scale, where would you place the following candidates? If you don't feel you know enough about a given candidate to say, just mark "Can't Say".

	Support Free Trade						Protect US Industries	Can't Say
	1	2	3	4	5	6	7	8
